In completing this application, I give the Preble County General Health District my permission to secure bids for the repair/replacement of the septic system on my property. I also give permission to all prospective contractors and the Preble County General Health District employees to come on my property as needed to view/inspect my septic system. Furthermore, I agree that the Preble County General Health District will choose the contractor who submits the lowest bid who best satisfies the requirements to repair/replace the septic system. I further understand that the work provided by grant funds to correct the septic system (or) the installation of a new septic system does not include final grade of the system.

The local government agency has conducted a documented verification of the homeowner's household size and income using established processes for similar grant programs. The local health district must document that the HSTS serving the home where the owner resides is failing or has failed. The homeowner(s) receiving the assistance has provided documentation that they are the titled owner(s) of the property where the sewage system will be improved.

**What is the process and timeframe for funds distribution?**

A local government agency with an approved program application will be placed on the WPCLF draft IPL. Upon approval of the Intended Projects List as listed in the final 2024 PMP, Ohio EPA will make the principal forgiveness funds available to the local government agency via a WPCLF assistance agreement. As payment requests that document costs incurred for individual HSTS improvements are submitted by the local government agency, Ohio EPA will review the submissions and will direct the disbursement of approved amounts to the local
